

Accelerate Framework

- There is a **NEED** to increase the number of gap closing schools.
- The Accelerate Framework is based on patterns found in successful gap closing schools.
- The Accelerate Framework should be used to assess a school's strengths, areas of growth, and opportunities.
- It is not an à la carte menu—successful schools excel at all six objectives.
- You must be fanatical about achieving each of the six objectives. This means internalization of objectives and drivers is necessary as a foundation.
- Transformational leaders are the catalyst for the school reaching its objectives. The building blocks of transformational leadership are used for reflection and growth.
